

I was tired today.
I didn't feel like getting
up early. That's okay,
I'm 15 minutes Late.

hmm... He's 15 minutes
late! He must not
care about keeping his job.
If he did, he would
have come to work
ON TIME!

It was hard to get up early, but I did it because I want to keep my job and get to work ON TIME!

He's a great employee. He always gets to work ON TIME!
