

Good help or not so good help?**L3**

Two lab partners in biology are working on a lab project. You are reading the instructions and the other student is organizing the tools. The other student looks around and cannot find a pin. You say, *"I will go ask the teacher for more pins."*

L3

You are in a group of students involved in preparing for a school event. A teacher comes through the front door while the students are decorating the front hall. The teacher stops and says to the group, *"I have the boxes of decorations for the cafeteria outside."* **What do you do?**

L3

A girl who you don't know is sitting on a bench alone, and she is crying.

What do you do?**L3**

Your boss has given you a folder and it is labeled with the wrong date.

What do you do?**L3**

Your co-worker is stacking plates and cups differently from the way you do it.

What do you do?
